

Redford Township has entered into a contract agreement with Wayne County Appraisal Services to provide assessing services to our residents. "With the recent retirement of our assessor, this opened the door to look at ways to save our residents tax dollars," stated Supervisor R. Miles Handy, II. Approximately \$100,000 per year will be saved by contracting out this service. Owned by Glenn Shaw, Wayne County Appraisal Services is a reputable company servicing such communities as Canton Township, Northville Township, and Ann Arbor Township, among others. The services, location, and telephone numbers currently offered by the Township Assessing Department will remain unchanged.
