

REDFORD TOWNSHIP LEISURE SERVICES

Spring/Summer Calendar

and Activities Schedule

REDFORD TOWNSHIP = SO MUCH MORE!!!

By the time you read this, it will be difficult to remember the week in February when we were hit with the “blizzard of the century.” As I look out my window, I am watching township employees putting snow in dump trucks to haul it away. I am so appreciative of the service of our DPS staff and can’t thank them enough for being out in force plowing streets and removing more than 14 inches of snow that accumulated in the two snow storms that hit less than four days apart. The ground hog, Punxsutawney Phil, promised an early spring which means the same crews will be out cutting grass, trimming weeds and cleaning the parks in just a few short a few weeks.

The dedication of township employees is to be commended. They fix water breaks, host special events, pick up trash, protect & serve, assist in foreclosure prevention, provide meals, educate youth, drive busses, eliminate blight, improve our housing market and so much more! The “so much more” is impossible to list and is what makes our community strong

As you thumb through this semi-annual edition of the Leisure Services Brochure you will see how much more is really available to you. We are working hard to provide you with programs and services that are fiscally sound and meaningful to you and your family. I am confident that you will find something in this publication to be excited about. Redford Township has so much more to offer you. Read this brochure cover to cover and keep it for future reference. It will show you why we are such a great place to live, work and play!

With warmest regards,

Tracey Schultz Kobylarz

WHO DO I CALL CONCERNING

Water Bills

Billing Office | (313) 387-2670

If your water bill account is delinquent and you are in danger of having your water disconnected for non-payment, call to see if you can work out an arrangement to avoid potential shutoff when we start the shutoff program every Spring/Summer. We also have suggestions on how to check and make sure you don't have undetected water leaks inside your toilet, etc. that may be increasing your water bills.

Water discoloration

Water Department | (313) 387-2670.

Water discoloration occurs when there is a main break or a hydrant is opened. Sediments in the lines are stirred up and require several hours to settle. Do not use your hot water until you are sure the water is clear, as this will draw the sediments into your hot water tank and may stain your laundry. Instead, periodically run a cold water faucet at the lowest point in your house (usually the basement) for 3-5 minutes until the cold water is running clear. If discoloration continues, please call the Water Department.
