**Narratives****Areas of Greatest Need:**

Data provided by HUD allows Redford Township to identify areas with a high percentage of foreclosures. The HUD model, estimated count of foreclosure starts over 18 months through June 2008 and is divided by estimated number of mortgages times 100. This data was calculated at Census Tract level. Redford Township's foreclosure rate percentage is highest in areas north of Seven Mile Road, South of Seven Mile Road (east of Beech Daly Road) and in the southeast portion of the Township. All of these areas posted a foreclosure rate of 11.6 percent to 14.1 percent. Research was done through the Redford Township Assessor to identify addresses that were on file with the Township as foreclosed homes. Over 400 foreclosures were identified and mapped. According to the Township Assessor data the areas with the highest inventory of foreclosures are the same as stated in the above paragraph. The assessment, developed by HUD, provides a score for each Census Block Group from 1 to 10, where 1 indicates that HUD data suggest a very low risk and a 10 suggests a very high risk for foreclosure and abandonment. Using HUD's Foreclosure and Abandonment Risk Scoring System, the Township identified the areas of greatest need that will likely face a significant rise in the rate of home foreclosures Redford Township is at high risk of foreclosure throughout the Township. According to HUD data the Township is comprised of 10 and 9 risk scores. Again, high risk areas are north of Seven Mile Road, South of Seven Mile Road (east of Beech Daly Road to Five Mile Road) and in the southeast portion of the Township. The remaining areas of the Township all posted 9 risk scores. Nearly 1,000 vacant structures were identified throughout the Township by our Building Department in 2008. The data identifies that Census Tracts 5541, 5542, 5543, 5545, and 5551 have the highest inventory of vacant/abandoned structures. These Census Tracts are mainly concentrated in the northern portion of the Township with Census Tract 5551 being the exception. It has been concluded that the following areas have been hardest hit and can be labeled "Areas of Greatest Need": \* Northern Redford Township (Census Tract 5541, 5542, 5543, and 5544) \* Central Redford Township (Census Tract 5545 and 5548) \* Southern Redford Township (Census Tract 5551, 5553, and 5554)

**Distribution and and Uses of Funds:**

Redford Township will use its allocation of Neighborhood Stabilization Program funds (\$3,041,364.00) to administer, acquire, demolish, rehabilitate, redevelop, offer homebuyer assistance and market said properties to income eligible persons that are at or below 50% AMI and persons that are 51%-120% AMI. All NSP funded activities/properties will be located in the "Areas of Greatest Need" as determined by our research data as previously submitted in our NSP Substantial Amendment.

## Overall Progress Narrative:

Redford Township's Stabilizing Neighborhood Action Plan (SNAP) is achieving major strides in the redevelopment of our residential neighborhoods. Utilizing Neighborhood Stabilization Program (NSP) funds, we have invested our resources in the demolition and rehabilitation of properties throughout our "Areas of Greatest Need" as defined in our plan.

NSP dollars have been allocated and obligated for the demolition of nine (9) residential properties. Eight homes have been demolished and have had final site preparation completed (graded/leveled). Five properties are awaiting demolition pending state/local approvals and should be completed by May/June 2010. The vacant sites are being offered/sold to the abutting property owners. This will establish additional "green space" for the neighborhoods. Rehabilitation of existing properties owned by Redford Township is in various redevelopment stages. Currently ten homes have been completed, ten homes are under construction and six homes are in the bidding stages for

redevelopment. General contractors and sub-contractors have been used for the redevelopment of each property creating job opportunities for multiple building/construction trades in the local area. Numerous temporary part-time employment (PTE) was created for individuals that performed work on the NSP homes. Due to the fact that Redford Township is acting as the project manager, we are making available multiple contracts to businesses throughout the region.

Redford Township will also be contracting with three Developers to acquire, rehabilitate and sell residential properties that are approved by Township staff. The developers will be following the same criteria that is being used by Redford Township and it is anticipated that a minimum of eight residential properties will be rehabilitated/sold to income eligible homeowners.

A waiting list of potential homebuyers has been compiled and SNAP program information/applications have been mailed to all interested parties. Six homebuyers have been approved and are currently in the purchase phase. Closings should occur in May/June 2010. Downpayment assistance/costs will be available to all homebuyers who qualify and housing counseling will be provided as mandated.

The SNAP Program is moving forward and has experienced great success to date. This will be an exciting time given the amount of effort and preparation that has gone into our program by our staff and contractors. We look forward to the continued success of the stabilization of our neighborhoods.

**Activity Progress Narrative:**

This activity is a result of the Substantial Amendment that was submitted in March 2010 and is awaiting approval. It is proposed to purchase two homes that are in foreclosure/redemption period which are owner-occupied and rehabilitate the units after acquisition. The home would then be re-sold back to the occupant within 36 months. During that time period, the tenant is required to re-establish their credit (thru counseling) and obtain a mortgage to purchase the property at the "total development cost" to the Township. No funds were expended during this period.

**Activity Description:**

Funding will be allocated for the rehabilitation of foreclosed, abandoned or vacant properties with the intent to sell the properties to those that meet the income eligibility requirements. Redford Township will solicit, through an application process, for organizations and partners to participate in the redevelopment of vacant, abandoned or foreclosed properties. Redford Township will have oversight in the process. Redford Township will not be undertaking any rental housing projects with NSP funding. Funding will be used to benefit income eligible residents to qualify as homeowners

**Location Description:**

Various neighborhoods located in Redford Township - NSP Target Areas (Areas of Greatest Need as defined in Substantial Amendment II - dated March 2, 2010).

**Activity Progress Narrative:**

There were multiple homes that were rehabilitated using NSP funds for this activity (Rehab LI). The homes are being brought up to current building codes and energy efficient standards by multiple contractors/trades (generals, mechanical, electrical, plumbing, insulation, etc). The rehabilitated properties were in various stages of construction. We have not entered any project addresses for this reporting period due to the fact that we are waiting for homes to sell. At that time we will be able to define the homebuyer as LI or LMMI. Once the transaction is complete, we will enter the specific project address in the correct activity.

<b>Program Income Received</b>	\$0.00	\$0.00
<b>Program Income Drawdown</b>	\$0.00	\$0.00

**Activity Description:**

Funding will be allocated for the rehabilitation of foreclosed or vacant properties with the intent to sell the properties to those that meet the income eligibility requirements. In addition, Redford Township will look to redevelop demolished, abandoned or vacant properties. Redford Township will solicit, through an application process, for organizations and partners to participate in the redevelopment of vacant and/or foreclosed properties. Redford Township will have oversight in the process. Redford Township will not be undertaking any rental housing projects with NSP funding. Funding will be used to benefit income eligible residents to qualify as homeowners.

**Location Description:**

Various neighborhoods located in Redford Township - NSP Target Areas (Areas of Greatest Need as defined in Substantial Amendment II - dated March 2, 2010).

**Activity Progress Narrative:**

There were multiple homes that were rehabilitated using NSP funds for this activity (Rehab LMMI). The homes are being brought up to current building codes and energy efficient standards by multiple contractors/trades (generals, mechanical, electrical, plumbing, insulation, etc). The rehabilitated properties were in various stages of construction. We have not entered any project addresses for this reporting period due to the fact that we are waiting for homes to sell. At that time we will be able to define the homebuyer as LI or LMMI. Once the transaction is complete, we will enter the specific project address in the correct activity.
