

First, a quick "Hello" to all our neighbors within Roger Park.

Our little community consist of over 500 homes and families from Grand River-Eight Mile, Beech Daly-Five Points and includes assorted businesses, Grace Luthern Church and the new David Ellis Academy.

Rogers Park has been around for quite awhile, working quietly due to many reasons, but now we're back and trying to get everyone involved, active and proud to be here.

We will make every attempt to get a Newsletter out once a quarter. As we all know this takes time, money. The only thing we're asking for at this moment is for assistance in getting the newsletters out. We could use you help to pass out the flyers on your immediate street or your entire block.

As of now, we are planning a Neighborhood Yard Sale for the weekend of May 30, 2008 - June 1, 2008. (Friday thru Sunday) There will be a minimal charge of \$5.00 per block. We are sure someone from each block will spot the \$5.00. This cost is for each side of the block - corner to corner. The more families participating makes for a more successful event. The Association will take care of getting the permits.

If interested, please send in you name, address, phone number so we are able to compile a list for the permit. Our NEW EMAIL address: roger.park.assn @gmail.com

We will continue to build, improve and move forward for a better place to live. There are bigger and better things to come.

Please become involved as much as you can. Your ideas, dedication and inputs are so important
